

## **Risk Dialogue**

#### **Thomas Rageth**

#### Chief Advisor Natural Hazards Cantonal Forest Service, Glarus

#### Workshop

## Mountainous Regions

#### ALL ACTORS INCLUDING AFFECTED PEOPLE

Disaster risk reduction is an important task which involves actors of many sectors and levels. Only a joint effort from local to national authorities, of private sector entities, particularly the insurance sector, civil society, regional organizations and international community and the public at large guarantees success. It is important that people affected by natural disasters commit into disaster risk reduction. A risk dialogue among all stakeholders including the affected populations increases the overall awareness.

## **Risk Dialogue**

# Swiss experience with an integrated approach and lessons learnt for international cooperation.

World Conference on Disaster Reduction (WCDR), Kobe 2005

## **Risk dialogue**

#### **Risk dialogue**

Interaction between the affected people and all other actors
